

February 11, 2020

Dear Members of Quality Texas Foundation,

Welcome to the greatest place on Planet Earth!

Georgetown is home to the Most Beautiful Town Square in Texas, which boasts a variety of unique restaurants and shops. The 19th-century buildings in the City's historic district are uniquely Georgetown. Our rich and proud history goes back 170 years and is treasured and valued as we add to our storied past.

Georgetown has been nationally recognized as a "Best Place to Retire" thanks to wonderful, adult communities like Sun City. Please note that Georgetown is also very family friendly, with excellent schools, the oldest chartered university in the state (Southwestern University), a top-notch recreation center, an unsurpassed parks system with trails, plentiful parks and playgrounds, and affordable homes in kid-centric neighborhoods.

Our citizens are highly educated, forward-thinking people who care about their community and their extraordinary quality of life. Georgetown residents believe in giving back. A good example of this is the 180 volunteer members who serve on the City's advisory boards.

Even though we are in the top 7 fastest growing cities in the nation, Georgetown has done an excellent job maintaining its small-town charm. Visitors and residents are able to rent a bicycle (for free!) at our Visitors Center and ride along our award-winning hike and bike trail, which connects downtown to the 180-acre San Gabriel Park and to beautiful Lake Georgetown. Every first-timer to Georgetown needs to visit Inner Space Caverns. Discovered during the construction of Interstate 35, Inner Space is one of the most well-preserved caves in Texas and offers visitors a rare glimpse of what is hidden below the earth's surface. One more source of pride is our top-rated public safety operations, including police, fire, and our own EMS services. Georgetown is noted for its very low crime rate.

Georgetown is filled with devoted, friendly, competent, and proud citizens, staff, and elected officials. We will take very good care of you!

Sincerely,

Dale Ross
Mayor
